

Summer Collaborative Learning Group with Ponies For Mixed Ages

About the Therapists

Cathy Lauderbaugh MA CCC-SLP, is both a speech-language therapist & avid equestrian. Her work focuses on Family Coaching and supporting children ages Birth through School-Age. She has years of experience working with horses; including certification through AHCB for hippotherapy (equine movement as a therapy tool). Cathy is thrilled to support children's speech & language goals in equine environments and through movement based approaches.

Molly Filippini MA CCC-SLP is a bilingual speech-language therapist with years of experience working with children in both individual and group settings, addressing speech and language disorders & neurodiversity including, Autism Spectrum Disorder, executive functioning, selective mutism and auditory processing difficulties. Working outside in the community with groups is one of her passions.
